Holiday Program a Huge Success

Thanks To Community Sponsors

Each year, PCAU helps provide Christmas for neglected, abused or needy children who would otherwise go without. The names of children are submitted to

PCAU by social workers. The children are then matched with community sponsors or donors who provide gifts and money for Christmas presents.

This year, more than 450 local children received Christmas through PCAU's 28th Annual Holiday Giving Program thanks to our many generous sponsors.

Pinwheels for PREVENTION
The Winds of Change

Shining in the sun, reflective of the bright futures all children deserve, the pinwheel shows the positive effect we can all have on children and families.

The pinwheel represents PCAU's efforts to change the way Utah thinks about prevention, focusing on community activities and policies to make sure child abuse and neglect never occur. Look for ways to support PCAU's **Pinwheels for Prevention** in the coming months.
