Special Post Conference Luncheon and Lecture by Elizabeth Smart

JOINING FORCES

24th Annual Conference on
Child Abuse and Family Violence

Prevent Child Abuse Utah is proud to again offer the leading experts, technology and information to professionals working with child abuse and family violence cases.

New this year, we are offering a post conference luncheon and are honored to present Elizabeth Smart as the guest speaker. We hope you can take this opportunity to listen to and learn from an amazing survivor.

Be sure to check for updates, workshop descriptions and presenter information on our website at www.preventchildabuseutah.org.

KEY CONFERENCE EVENTS

- Case Studies
- Computer Lab Trainings
- Exhibit Hall
- Post Conference Luncheon & Address by Elizabeth Smart
(additional fee - see below)

POST CONFERENCE LUNCHEON & LECTURE **Elizabeth Smart** Moving Forward and Not Looking Back

Elizabeth Smart was kidnapped from her bedroom on June 5, 2002. She was recovered in 2003 after enduring 9 months of captivity.

As the world watched, Elizabeth bravely confronted her captor at trial, showing her astounding determination to survive and move forward with life.

Today, Elizabeth is an active advocate for change regarding child abduction and legislation. Elizabeth co-authored a guide for children, started the Elizabeth Smart Foundation and is now a contributor for ABC News.

POST CONFERENCE LUNCHEON

**Wednesday, November 9
12:00 p.m.**

**Conference Attendees
\$25**

**Non Conference Attendees
\$40**

Seating is limited. Please register early to reserve your ticket.

Creating the Victims' Rights Movement in Utah

Reed Richards, JD, Chair of Utah Council on Victims of Crime

Everyday, hundreds of professionals, social service workers and advocates fight for the rights of crime victims, and provide unique services for victims in Utah as well as their families. Reed Richards will share the development of the victims' rights movement in Utah and what each of us can do to assist victims as they recover from the trauma of victimization.

10:00 - 10:15 a.m. Break - Beverages Provided

10:15 - 11:45 a.m. Workshops

COMPUTER LAB - Law Enforcement & Investigators Only

Managing Sex Offenders Computer Use

Part 1

INVESTIGATION

Jim Tanner, PhD - Twilight 1 & 2

Well known, entertaining presenter, Jim Tanner, combines training in sex offender computer use and practical training in the use of Field Search, a free tool utilized for triage, "knock and talk," and supervision compliance examination of computers.

PRE REGISTRATION IS REQUIRED. See pg. 13 for more details.

Using Effective Communication to Navigate the Stormy Seas of Conflict

PREVENTION

Jodie Jones, MA - Twilight 3 & 4

Research shows the highest predictor of negative outcomes for children is conflict between parents. This session answers questions such as: What is conflict? How does it affect relationships? How do I defuse destructive conflict?

Working with Male Survivors of Sexual Abuse

TREATMENT

Jim Struve, LCSW - Ballroom A

This workshop discusses clinical issues for male survivors of sexual abuse, as well as information about disguised symptoms, clinical dynamics, and treatment approaches.

Healing the Broken Parent Child Relationship Following Trauma: An Introduction to Child Parent Psychotherapy

TREATMENT

Douglas Goldsmith, PhD - Ballroom B

This workshop introduces participants to the evidence based trauma practice, Child Parent Psychotherapy (CPP). This treatment effectively repairs the trauma experienced by young children after witnessing severe bouts of domestic violence between their caregivers. CPP utilizes attachment based interventions in a relationship context to repair the damaged relationship. Attendees will gain an understanding of the primary underpinnings of this effective treatment modality.

Who Cares??!! Suicide Among Sex Offenders of Children

INVESTIGATION, PROSECUTION, TREATMENT

Tia Hoffer, PhD - Ballroom D & H

This workshop explores the issues and widespread impact surrounding child sex offenders who commit suicide after learning they are under criminal investigation. This workshop will present empirical data obtained from a sample of 100 subjects to help the different disciplines understand the dynamics involving which offenders chose to commit suicide. We will explore the predominant methods that offenders used to commit suicide and how the seizing of weapons during the course of the search warrant might decrease the risk of suicide.

Ask a Question - Save a Life: Suicide Prevention Training

PREVENTION

Dianna K. Abel, PhD, Kristy L. Jones, MPH - Zephyr

Suicide is the 8th leading cause of death in Utah, but 90% of people in suicidal crisis will give some kind of warning? This session teaches QPR (Question - Persuade - Refer) for suicide prevention. Learn how to recognize the verbal, situational and behavioral clues to suicide. Learn how to ask a person if they are in suicidal crisis? Learn how to persuade a person in suicidal crisis to seek help. Learn how to make referrals for treatments that can help a person in suicidal crisis.

Overview of Crimes Against Children

PROSECUTION

Craig Barlow, JD - Ballroom C

Presentation provides an overview of crimes against children: physical abuse, sexual abuse and technology related crimes, and will discuss how crimes against children are different from other violent crimes and how they present special challenges to law enforcement and prosecutors. He will explain how juries, judges and child abuse professionals view crimes against children.

M o n d a y , N o v e m b e r 7

11:45 a.m. - 1:15 p.m. LUNCH - On your own

1:15 - 2:45 p.m. Workshops

COMPUTER LAB - Law Enforcement & Investigators Only

Managing Sex Offenders Computer Use Part 2

INVESTIGATION

Jim Tanner, PhD - *Twilight 1 & 2*

Well known, entertaining presenter, Jim Tanner, combines training in sex offender computer use and practical training in the use of Field Search, a free tool utilized for triage, “knock and talk,” and supervision compliance examination of computers.

PRE REGISTRATION IS REQUIRED. See pg. 13 for more details.

The Changing Relationship Between Sexual Health and Child Sexual Abuse Treatment: How Do Therapists Prepare?

Part 1 PREVENTION, TREATMENT

Douglas Braun-Harvey, MFT, CGP, Certified Sex Therapist
Zephyr

This training proposes a foundational model of sexual health based approaches to training, assessment, treatment and prevention of child sexual abuse and trauma based upon PAHO guidelines. Participants learn how barriers to sexual health based treatment stem from pervasive sex negative societal attitudes and taboos.

How Could A Mother!? Analysis of 200 Maternal Filicide Offenders Part 1 PREVENTION, INVESTIGATION, PROSECUTION

PROSECUTION

Joy Shelton, BA - *Ballroom D & H*

Using detailed case examples, the presenter will educate the attendees on offender characteristics, motivations and research on maternal filicide. The FBI’s filicide typologies will also be presented and discussed.

Using Trauma Focused - Cognitive Behavior Therapy (TF-CBT) with Autism: Can Children with ASD Benefit From Trauma Treatment? TREATMENT

Doug Goldsmith, PhD - *Ballroom B*

This workshop introduces participants to the use of TF-CBT with children. We will discuss the adaptations to TF-CBT that are helpful in working with a preschool population. In addition, a case presentation using TF-CBT with a child diagnosed with Autism Spectrum Disorder will be used to highlight the importance and effectiveness of TF-CBT with special populations.

Surviving Sexual Molestation Part 1 PREVENTION

John Warnick - *Ballroom C*

For ten years John B. kept the biggest secret of his life. A secret that haunted him until he finally told someone. John B. was hiding the fact that he had been molested repeatedly by his trusted soccer coach when he was only ten years old. John B. shares the effects of victimization on his life, what kept him from telling his secret, and what he has done to overcome the enormous obstacles such a crime places in the victim’s life.

Wait Till Your Father Gets Home: Manhood, Masculinity, and Mentoring Anti-violence in Boys PREVENTION, TREATMENT

Marty Liccardo, BS - *Ballroom A*

This session examines manhood and masculinity as it relates to men’s relationships with each other and with boys and young men, and explores media and culture as a lens to view men’s violence and men’s relationships. The roles men play in raising boys, role-modeling, mentoring boys and the anti-violence movement itself will also be discussed.

Emerging Models for Interviewing Child Witnesses/Victims INVESTIGATION

David Corwin, MD - *Twilight 3 & 4*

This workshop reviews various current models for conducting child forensic interviews including their commonalities, strengths, limitations and research findings.

2:45 - 3:00 p.m. Refreshment Break

3:00 - 4:30 p.m. Workshops

COMPUTER LAB - Law Enforcement & Investigators Only

Managing Sex Offenders Computer Use Part 3

INVESTIGATION

Jim Tanner, PhD - *Twilight 1 & 2*

Well known, entertaining presenter, Jim Tanner, combines training in sex offender computer use and practical training in the use of Field Search, a free tool utilized for triage, “knock and talk,” and supervision compliance examination of computers.

PRE REGISTRATION IS REQUIRED. See pg. 13 for more details.

How Could A Mother!? Analysis of 200 Maternal Filicide Offenders Part 2 PREVENTION, INVESTIGATION, PROSECUTION

Joy Shelton, BA - *Ballroom D & H*

Using detailed case examples, the presenter will educate the attendees on offender characteristics, motivations and research on maternal filicide. The FBI’s filicide typologies will also be presented and discussed.

Monday, November 7

The Changing Relationship Between Sexual Health and Child Sexual Abuse Treatment: How Do Therapists Prepare? **Part 2** PREVENTION, TREATMENT

Douglas Braun-Harvey, MFT, CGP, Certified Sex Therapist Zephyr

This training proposes a foundational model of sexual health based approaches to training, assessment, treatment and prevention of child sexual abuse and trauma based upon PAHO guidelines. Participants learn how barriers to sexual health based treatment stem from pervasive sex negative societal attitudes and taboos.

Surviving Sexual Molestation **Part 2** PREVENTION

John Warnick - Ballroom C

For ten years John B. kept the biggest secret of his life. A secret that haunted him until he finally told someone. John B. was hiding the fact that he had been molested repeatedly by his trusted soccer coach when he was only ten years old. John B. shares the effects of victimization on his life, what kept him from telling his secret, and what he has done to overcome the enormous obstacles such a crime places in the victim's life.

Building the Protective Factors Through a Community Café PREVENTION

Heidi Valdez - Twilight 3 & 4

Participate in conversations using the Community Café design, around the 5 protective factors. Protective factors are conditions in families and communities that, when present, increase the health and well-being of children and families. They are attributes that serve as buffers, helping parents who might otherwise be at risk of abusing their children to find resources, supports, or coping strategies that allow them to parent effectively, even under stress. Research has shown these protective factors are linked to a lower incidence of child abuse and neglect.

Getting Her From Going to Gone PREVENTION, TREATMENT

Kristen Howell, MSW - Ballroom A

Advocates, investigators and prosecutors are routinely frustrated by a battered woman's difficulty terminating her abusive relationship. This session looks at ways to get her from "going to gone."

Successful Investigations in Child Physical and Child Sexual Abuse Cases INVESTIGATION, PROSECUTION

Christina Ortega, JD, Travis Peterson, Investigator - Ballroom B

Child physical and sexual abuse investigations do not end with a disclosure; it is just the beginning of a time-intensive process. This presentation provides law enforcement with the fundamental skills and tools to utilize in the investigation of child physical and sexual abuse cases to ensure preservation of evidence in order to successfully prosecute these crimes.

Tuesday, November 8

8:00 - 8:30 a.m. Continental Breakfast

8:30 - 10:00 a.m. Workshops

The Legacy of Abuse: Stopping the Cycle for the Sake of the Kids TREATMENT, PREVENTION

Kristen Howell, MSW - Ballroom A

Learn the complexities of domestic violence and ways you can protect children by enhancing mom's ability to get safe. This workshop moves beyond a simple understanding of domestic violence; instead you will walk away with the skills to identify DV, facilitate change in the home, and create lasting safety.

Understanding Sex Offenders PREVENTION, INVESTIGATION, TREATMENT, PROSECUTION

Jim Tanner, PhD - Ballroom B

This session focuses professionals on the cognitive set of the intrafamilial and position of trust sex offender. We expand and clarify elements of investigation, prosecution and effective containment. We discuss sex offenders' perceptions, ideation, grooming strategies and cognitive processes. Participants will gain a new understanding of sex offenders, improving their ability to investigate, prosecute, supervise and treat sex offenders.

Promoting Mentally Healthy Children and Families

PREVENTION

Wendy Fayles, BA - Twilight 3 & 4

About 20 percent of US youth are affected by some type of mental disorder. Researchers found symptoms of anxiety disorders tended to emerge by age 6, behavior disorders by age 11, mood disorders by age 13, and substance use disorders by age 15. Most parents are ill-equipped to recognize these disorders in their children, or know what resources are available for families struggling with these disorders.

GLBTQ Community: Understanding Diversity

TREATMENT

Chuck Diviney, MC, LPC, NCC, CCMHC - Zephyr

This presentation focuses on the issues of sexuality in the Gay, Lesbian, Bisexual, and Transgender Community. Objectives include discussion and overview of the sexuality continuum presented by Dr. Alfred Kinsey; introduction to the scale of acceptance presented by Dr. Dorothy Riddle; developmental milestones for those coming out; issues within the GLBTQ Community; resources identified for ongoing referral.

T u e s d a y , N o v e m b e r 8

Who Does She Think She Is? Helping Teen Girls Develop a Positive Self- Image and Powerful Self-Esteem

PREVENTION

Mathew Edvick, BSW, Summer Morris, MEd, LPC - Ballroom C

During the teen years, which are some of the most difficult to navigate through, self-worth and value can often deteriorate dramatically. This presentation will review simple yet powerful tools in developing self-esteem in teen girls. This workshop also addresses building character, integrity and worth.

Lost in Translation: Medical and Legal Perspective on Shaken Baby Syndrome

INVESTIGATION, PROSECUTION

Kristine Campbell, MD, MSc, Daniel Medwed, JD - Twilight 1 & 2

The presenters review the history of shaken baby syndrome as presented in medical and legal literature. The presenters contrast medical and legal publications. Opportunities to improve medical-legal communication around shaken baby syndrome will be given.

Screening, Charging, Plea and Charge Negotiations, Sentencing in Abuse Cases

INVESTIGATION, PROSECUTION

Alicia Cook, JD, Donna Kelly, JD - Ballroom D & H

This presentation addresses the need to carefully navigate the potential minefield of screening and charging decisions, as well as considerations pertinent to plea bargaining. This presentation includes an explanation of the Utah Sentencing Guidelines, and the impact of guideline scoring and other sentencing information on the Utah Board of Pardons and Parole.

10:00 - 10:15 a.m. Break - Beverages Provided

10:15 - 11:45 a.m. Workshops

Working with Resistant Clients

TREATMENT
Jim Tanner, PhD - Ballroom B

This session provides participants with tools to use in understanding and working with resistance encountered with some justice system clients. The session covers client resistive sets, motivation, techniques to overcome resistance, and indices of change in resistance.

Maunchausen Mom: Case Study of Tracy McHugh

INVESTIGATION, PROSECUTION, TREATMENT

Richard Rose, MS - Ballroom C

Caring mother or mentally ill? Tracy McHugh tortured her children while suffering with MSBP. A team approach to this complex case led to her arrest and conviction for Aggravated Child Abuse.

Shaken Baby Syndrome/Abusive Head Trauma: Dispelling the Myths

INVESTIGATION, PROSECUTION

Bruce Herman, MD, Rob Parrish, JD - Twilight 3 & 4

The presenters will identify recent media coverage which left the impression that there is a “raging debate” about the scientific validity of the shaken baby syndrome and that innocent people are being convicted of child abuse on a flawed diagnosis. The presenters will identify common defense theories used by medical witnesses who travel the country to testify for criminal defendants in abusive head trauma criminal cases.

REPEAT Working with Male Survivors of Sexual Abuse

TREATMENT

Jim Struve, LCSW - Ballroom A

This workshop discusses clinical issues for male survivors of sexual abuse, as well as information about disguised symptoms, clinical dynamics, and treatment approaches.

Effectiveness of the Evidence-based American Indian Strengthening Families Program in Reducing Substance Abuse and Child Maltreatment

PREVENTION, TREATMENT

Karol Kumpfer, PhD, Cecelia Tso - Ballroom D & H

Due to poverty and substance abuse, the occurrence of child maltreatment and family violence is very high in American Indian communities. This presentation covers the contents and results of the Strengthening Families Program with American Indian communities as well as families referred from local Utah family dependency and drug courts. The Strengthening Families Program is an evidence-based skills training program designed to increase resilience and reduce risk factors for behavioral, emotional, academic and social problems in children.

REPEAT Getting Her from Going to Gone

PREVENTION, TREATMENT

Kristen Howell, MSW - Twilight 1 & 2

Advocates are routinely frustrated by a battered woman’s difficulty terminating her abusive relationship. This session looks at ways to get her from “going to gone.”

Batterer Intervention Programs: Providing Treatment for Domestic Violence

TREATMENT

Chuck Diviney, MC, LPC, NCC, CCMHC - Zephyr

This session covers treatment and theoretical interventions for domestic violence, including motivational interviewing and stages of change model. Learn batterer intervention programs, perpetrator typologies, and treatment interventions commonly utilized in batterer intervention programs. Additional information; working with victims and children of domestic violence, client relationships, and community resource information.

T u e s d a y , N o v e m b e r 8

11:45 a.m. - 1:15 p.m. LUNCH - On your own

1:15 - 2:45 p.m. Workshops

Michael Delvin Case Study PREVENTION, INVESTIGATION, PROSECUTION

William Carson, MA - Ballroom B

This workshop examines the life, history and psychological motives of Michael Devlin, one of the most notorious child kid-nappers of the past decade. The presentation includes material learned from post-conviction interviews, with audio of Devlin discussing his childhood, his sexual attraction to young boys, his abduction fantasies, and the eventual kidnappings of Shawn Hornbeck in 2002, and Ben Ownby in 2007.

CSI of Child Abuse INVESTIGATION

Linda Lewis, MSN, FNP-BC - Twilight 1 & 2

This presentation reviews history, physical examination, radiographic and laboratory testing performed on children who are alleged victims of abuse. Case studies will be reviewed, as well as community resources for assessing these alleged victims.

5 Essential Skills Parents Need To Prevent Child Abuse

PREVENTION, TREATMENT

Jaynie Brown, BA - Ballroom C

The Utah Chapter of Mothers Against Drunk Driving recently created the Strengthening Families Program DVD. This new program details the “5 Essential Skills Parents Need” to prevent child abuse. Learn from the skills and more about the program.

A Crash Course in DBT for Adolescents **Part 1** TREATMENT

Amy Spratling, LPC, Michelle Greene, LCSW - Zephyr

This is an introductory course in DBT treatment for adolescents and their parents presented by members of the DBT treatment team at Primary Children’s Center for Counseling. This session will give an overview of what DBT treatment is, what populations the team is using this approach with, and what a typical course of treatment looks like. Basic DBT skills will be introduced in this session.

Stopping Bullying: Through the Eyes of a Child PREVENTION

Stephen Daley, MEd - Ballroom A

This workshop discusses a revolutionary approach to help prevent and break the cycle of bullying and predatory violence in our children’s lives. When shared within an educational setting, this approach has been able to help create safer schools and a positive school climate through empowering the children, faculty and entire school with a “Zero-Victimization” policy and practice.

The Yellow Brick Road to Parent Leadership and Advocacy PREVENTION, INVESTIGATION, TREATMENT

Bruce Bynum, BS, B.J. Gore, MS - Ballroom D & H

As parents begin their journey, it becomes paramount that they have the opportunity to develop the skills to be effective in leadership and advocacy. The workshop will be interactive with practitioners having opportunities to participate and share personal examples of supporting parents in their journey into Parent Leadership.

Use of Medical Experts in Child Sex Abuse Cases: Whether and When to Use Them; What They Can and Cannot Testify To; How They Can Help You INVESTIGATION, PROSECUTION

Rich Kaplan, MSW, MD, FAAP - Twilight 3 & 4

You can read the full description about this session and view details of other workshops and presenters online at www.preventchildabuseutah.org.

2:45 - 3:00 p.m. Refreshment Break

3:00 - 4:30 p.m. Workshops

Jessica Lunsford: A Life Taken Too Soon PREVENTION, INVESTIGATION

Richard Rose, MS - Ballroom C

Jessica Lunsford, 9, was abducted from her home in Florida in 2005. Jessica wanted to be a dancer or Olympic swimmer, instead her dreams were cut short by a sexual offender who raped and murdered her. Learn from her story and learn how we can protect our children and make our communities safer.

Women Who Molest Children: Offender Typologies

PREVENTION, INVESTIGATION, PROSECUTION

William Carson, MA - Ballroom B

This workshop begins with findings learned from interviews with 18 women convicted of molesting children. Cases from across the nation will also be covered, as well as past and current offender typologies for female child molesters.

Moving Forward into Father Friendliness: An Agency and Community Initiative PREVENTION, INVESTIGATION, TREATMENT

Bruce Bynum, BS, B.J. Gore, MS - Ballroom D & H

This workshop provides insight and information about implementing services and support for fathers, which will ultimately contribute to the safe, stable and nurturing relationship between a father and his child.

Tuesday, November 8

Drug Endangered Children - What Can We Do?

PREVENTION, TREATMENT

Christine Chytraus, RN, BSN, CPM - Twilight 1 & 2

This presentation will help identify what makes a child drug endangered, as well as help attendees identify the prenatal and postnatal affects of drug use. We will list the affects of substances of abuse on a fetus and a breast feeding infant or child. We will discuss how we can make the move from risk to resiliency and identify the resources available for drug treatment.

A Crash Course in DBT for Adolescents Part 2

TREATMENT

Amy Spratling, LPC, Michelle Greene, LCSW - Zephyr

This is an introductory course in DBT treatment for adolescents and their parents presented by members of the DBT treatment team at Primary Children's Center for Counseling. This session gives an overview of what DBT treatment is, what populations the team is using this approach with, and what a typical course of treatment looks like. Basic DBT skills will be introduced in this session.

Stopping Violence: Education is the Answer But "How" is the Question PREVENTION

Stephen Daley, MEd - Ballroom A

Violence and victimization in our children's lives has reached dangerous levels in our world today. Whether it be bullying or child abuse, the time has come for a new strategy. In this presentation, we review the current practices in education while introducing a revolutionary new approach on personal safety education that develops life skills and a foundational understanding of self-value and self-worth. This approach creates real change in the potential cycle of violence in our children's lives.

Investigation and Prosecution of Child Neglect Cases

INVESTIGATION, PROSECUTION

Rob Parrish, JD - Twilight 3 & 4

Rob Parrish will apply his substantial experience in prosecution of child maltreatment cases along with his several years in juvenile court doing child welfare cases to a presentation that challenges participants to "think outside the box" as to child neglect and the effects that severe neglect can have on the developing brain. He will summarize the recent brain research which shows that failure to stimulate infants' and adolescents' brains can actually result in permanent brain damage and behavior problems for young children. Using local and national examples, Rob will also discuss when neglect of a child becomes a crime, how to investigate those cases, and how to successfully prosecute a case of child neglect.

Wednesday, November 9

8:00 - 8:30 a.m. Continental Breakfast

8:30 - 10:00 a.m. Workshops

Groomers and Grabbers: Two Very Different Types of Child Molesters PREVENTION, INVESTIGATION, PROSECUTION

William Carson, MA - Ballroom A

This workshop compares and contrasts two very different types of child molester. There are those offenders who use grooming and seduction as their primary method to molest children, and then there are child molesters that tend to use force and violence to accomplish their predatory goals. This class will explore some of the differences between these offenders and will include video clips from interviews with both types of offender.

Exposure to Intimate Partner Violence and Child Health Outcomes PREVENTION

Kathleen Franchek-Roa, MD - Ballroom D & H

This presentation describes the effects that exposure to violence has on a child's developing brain and the ways that this will impact the health of children. It also provides understanding to the link between childhood adversity and poor health in adulthood.

The No Technique System of Self Defense Part 1

PREVENTION

Tom Popken, Detective - Twilight 1 & 2

No need to be intimidated - this is easy, quick and fun. Learn simple everyday actions that you can perform to help you escape from dangerous situations. These are realistic, street-proven tactics that are easy to learn and retain. This course is not designed to make you a black belt! It is designed to help the person that wants to escape a dangerous situation and wants quick, simple and effective techniques.

REPEAT Stopping Bullying: Through the Eyes of a Child

PREVENTION

Stephen Daley, MEd - Ballroom B

This workshop discusses a revolutionary approach to help prevent and break the cycle of bullying and predatory violence in our children's lives. When shared within an educational setting, this approach has been able to help create safer schools and a positive school climate through empowering the children, faculty and entire school with a "Zero-Victimization" policy and practice.

W e d n e s d a y , N o v e m b e r 9

Ethics: It Is More Complex Than You Think

PREVENTION, TREATMENT

Del Bircher, LCSW - Zephyr

This didactic presentation focuses on the challenges associated with ensuring compliance to professional code of ethics. The workshop reviews basic code of ethics and will provide case studies for participants to examine and discuss.

REPEAT Jessica Lunsford: A Life Taken Too Soon

PREVENTION, INVESTIGATION

Richard Rose, MS - Twilight 3 & 4

Jessica Lunsford, 9, was abducted from her home in Florida in 2005. Jessica wanted to be a dancer or Olympic swimmer, instead her dreams were cut short by a sexual offender who raped and murdered her. Learn from her story and get ideas of how we can protect our children and make our communities safer.

10:00 - 10:15 a.m. Beverages Provided

10:15 - 11:45 a.m. Workshops

The No Technique System of Self Defense Part 2

PREVENTION

Tom Popken, Detective - Twilight 1 & 2

Learn how to to build confidence and gain knowledge and information about prevention, mindset, self defense products, demonstrations and techniques.

Drug Endangered Children Community Awareness

PREVENTION, INVESTIGATION

Jennifer Larson, SSW - Ballroom D & H

This presentation covers the history and evolution of the DEC movement, defines children at risk, understanding and responding to the long-term needs of drug endangered children, and understanding collaborative mindset as the ideal solution, National DEC and State DEC alliances and Empowerment to Engage.

REPEAT Ethics: It Is More Complex Than You Think

PREVENTION, TREATMENT

Del Bircher, LCSW - Zephyr

This didactic presentation focuses on the challenges associated with ensuring compliance to professional code of ethics. The workshop reviews basic code of ethics and will provide case studies for participants to examine and discuss.

REPEAT Stopping Violence: Education is the Answer But “How” is the Question PREVENTION

Stephen Daley, M Ed - Ballroom B

Violence and victimization in our children’s lives has reached dangerous levels in our world today. Whether it be bullying or child abuse, the time has come for a new strategy. In this presentation, we review the current practices in education while introducing a revolutionary new approach on personal safety education that develops life skills and a foundational understanding of self-value and self-worth. This approach creates real change in the potential cycle of violence in our children’s lives.

REPEAT Using Effective Communication to Navigate the Stormy Seas of Conflict PREVENTION

Jodie Jones, MA - Twilight 3 & 4

Research shows the highest predictor of negative outcomes for children is conflict between parents. This session answers questions such as: What is conflict? How does it affect relationships? How do I defuse destructive conflict?

Women Who Molest Children: Offender Typologies

REPEAT PREVENTION, INVESTIGATION, PROSECUTION

William Carson, MA - Ballroom A

This workshop begins with findings learned from interviews with 18 women convicted of molesting children. Cases from across the nation will also be covered, as well as past and current offender typologies for female child molesters.

W e l c o m e t o L a y t o n C o n f e r e n c e L o c a t i o n & H o t e l

The JOINING FORCES conference is again at the spectacular **Davis Conference Center located at 1651 North 700 West in Layton, Utah.**

Just 19 miles north of Salt Lake City, and right off of Interstate 15, the Davis Conference Center is a premier location with a majestic setting surrounded by everything desired in a resort destination.

The Davis Conference Center is attached to the **Hilton Garden Inn**, providing every comfort you can imagine. The conference rate for this luxury hotel is \$92/night, plus tax. This rate is only guaranteed through **October 15th**. You may make your reservation online at www.preventchildabuseutah.org/annualconference.html, or by calling **801-416-8899** or **1-877-STAYHGI**. Please reference the code **Prevent Child Abuse Utah** to receive the discounted rate.

The Davis Conference Center and Hilton Garden Inn are surrounded by many restaurants and shopping centers.

S p e c i a l i z e d C o m p u t e r L a b s

Prevent Child Abuse Utah is dedicated to providing current and relevant hands-on training. Through the annual generosity of Weber State University, Student Affairs Technology Department, Prevent Child Abuse Utah is again providing these popular and technical computer labs.

Managing Sex Offenders Computer Use

Jim Tanner, PhD

Well known, entertaining presenter, Jim Tanner, combines training in sex offender computer use and practical training in the use of Field Search, a free tool utilized for triage, “knock and talk,” and supervision compliance examination of computers.

PLEASE NOTE: The lab assumes attendees are NOT computer forensic specialists but are comfortable working in Windows operating system.

**This Lab is Restricted to
Law Enforcement & Investigators Only**

There is NO additional fee for lab

Pre registration is encouraged.

**To reserve your spot, call Mike Floor
at 801-393-3366.**

General Information

Registration Information

This year, all conference registration will be completed online. Please register online at www.preventchildabuseutah.org and click on the JOINING FORCES Conference button. You may pay by credit card, check or purchase order.

Registration rates (Conference only)

- Early registration - \$225 through September 16
- Registration - \$240 through October 21
- Late registration - \$290 after October 21

Please contact Mike Floor by emailing mfloor@pcautah.org or call 801-393-3366 with registration or conference questions.

Post Conference Luncheon with Elizabeth Smart*

Prevent Child Abuse Utah is pleased to present Elizabeth Smart at a post conference luncheon on Wednesday, November 9. The luncheon begins at 12:00, followed by an address from Elizabeth Smart. *See more information on page 1.*

*An additional fee applies for this luncheon.

- Conference attendees - \$25
- Non-conference attendees - \$40

Refund Information

Individuals needing to cancel their registration may do so for a \$50 cancellation fee if a written cancellation request is received by October 21. You may email your cancellation request to mfloor@pcautah.org.

Check In

All participants must check in at the onsite registration desk to receive conference CD, binder and badge.

Accreditation

Continuing education credit has been applied for from: Utah Nurses Association, National Association of Social Workers, Continuing Legal Education, Utah Psychological Association, Utah Association of Marriage and Family Therapists, Licensing Professional Counselor, and Peace Officer's Standards Training for Utah, Idaho, Wyoming, New Mexico, Arizona, Colorado and Nevada. Questions? Contact Trina Taylor at ttaylor@pcautah.org.

University Credit

Bachelor and Master level credits have been applied for through Weber State University. For updated information, visit www.preventchildabuseutah.org.

Division of Child and Family Services

Utah Division of Child and Family Services has approved this conference as meeting their training requirements.

Conference Center/Hotel

The Davis Conference Center is located at 1651 North 700 West in Layton. The **Hilton Garden Inn** is attached to the conference center, and a block of rooms is reserved at a reduced conference rate of **\$92/night**. You may make online reservations at www.preventchildabuseutah.org/annualconference.html or contact the hotel at **1-877-STAYHGI** or **801-416-8899**. **For the discounted price, register under the group name Prevent Child Abuse Utah, by October 15th.**

Parking

Free parking is available at the Davis Conference Center and the Hilton Garden Inn.

Travel

Airport Shuttle - Reservations may be made through Express Shuttle for transportation to and from the conference center and hotel. To schedule a pick-up, call 800-397-0773. **Reservations required.**

Utah Trax/FrontRunner is a rail system in downtown Salt Lake City and surrounding areas. There is a FrontRunner stop in Layton, but it is several miles from the conference center.

Dress

Utah's Fall temperatures vary greatly. For your comfort, we recommend participants dress in layers.

Questions

We are pleased to present this conference, and wish to make it as enjoyable as possible. If you have any questions, please call Trina Taylor at 801-393-3366 or email: ttaylor@pcautah.org.
